

EHS Technologies was formed in November of 1996 to provide high quality information technology, environmental, engineering, program management, logistics, training, and communications-related products and services to government and commercial customers.

-2011 Revenues were approximately \$21.9 Million

-2012 Revenues projected to be approximately \$22.1 million

ILS Support Services

EHS Technologies provides Logistics Support Services in the following ways:

- Analyze, develop, review, maintain and track system and equipment logistics support and planning, planned maintenance, training and documentation
- Provide engineering, technical, and analytical support for all ILS disciplines and elements
- EHS specifically provides:
 - Combat equipment, medical trauma subject matter expert services for the Program Manager for Infantry Combat Equipment at Quantico
 - Logistics Support to MACROSYSCOM

EHS Technologies support the Navy with Logistics support through the following:

- Initiates and supports Navy ILS Availability Management Team collaboration in the dynamic environment of Navy Integrated Logistic Support for Hull, Mechanical and Electrical Systems
- Captured Navy ILS Availability Managers work low patterns for analyzing and modifications
- As a conduit for Navy ILS Availability Managers group synergy, EHS championed process improvement supporting SEAPOW 21 lean initiatives
- Empowered ILS Managers to respond decisively in present and future challenging environments by providing organizational COTS solution

ILS Projects at EHS

- EHS captured and developed a responsive knowledge repository that can be expanded to meet the needs of future Navy ILS availability managers
- On a variety of delivery orders, EHS provided program management, technology and ILS support to NAVSEA Dept. 90 Logistics Team with an array of products and services-including ILS requirements analysis, training, master equipment lists and automated logistics funding tools
- EHS has provided logistics support services and tools to NSWC Indian Head, as well as program management and technology applications.
- ILS Helpdesk Database for Code 9132
 - Automated Logistics funding tool
 - ILS Requirements analysis
 - ILS Help desk support
 - IETM conversion tracking
 - Metric Analysis
 - Training

EHS built and hosts the application
for CODE 9132
